Fabienne Meyer (Bings)

Born in Meisenheim, Germany in 1995, now works and lives in Berlin.

Under the pseudonym Bings, Fabienne Meyer found herself drawn to the vibrant and eclectic art scene in Berlin. She has become a celebrated artist known for her unique and evocative style. Her work reflects her deep admiration for the films she grew up watching, as well as the people, places, and experiences that shaped her childhood.

With a focus on large-scale oil paintings and smaller sketches on paper, Bings creates scenes that are both intensely personal and universally relatable. Her surreal, childlike worlds are populated by characters who often seem to be merging with their surroundings, blurring the boundaries between reality and imagination. Through her art, Bings invites viewers to explore the many rich and complex layers of meaning that exist within our everyday lives.
